Brandpoint Optimize℠

Premium paid placements. Earned editorial coverage. Measurable AI visibility.

The Challenge

The path to growing brand visibility has changed

60%

of Google searches now end without a click – brands must appear in AI summaries, not just rankings.[1]

[1] Forbes, 2026

Shrinking newsrooms

Brands compete with around-the-clock news cycles for media coverage with fewer journalists and newsrooms than ever.

10x

more AI visibility for brands that show up in the top 25% of web mentions[2] but this strategic search visibility is harder than ever to secure.

[2] Ahrefs, 2025

Proving ROI

Tracking AI visibility and earned media pickup remains a persistent challenge when reporting impact to stakeholders.

The Solution

What Brandpoint Optimize delivers

Content, distribution, promotion and proof – in one unified package

01

Human-Written Branded Content

Editorial content built for consumer credibility and optimized for AI discovery.

02

Signature Plus Network Distribution

Two distributions across 800+ high-authority publications, including a second companion release.

03

Earned Media

Published to our editorial site and promoted directly to our curated database of thousands of publishers and editors.

04

Placement and AI Visibility Report

Measurable earned and paid placement results, forward-looking AI metrics, personalized recommendations and your campaign's AI Visibility Quality Score.

The Details

What's included in Brandpoint Optimize
