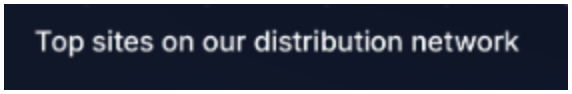
Yay! It is looking great. These are my edits. (Note: none mission critical)

1. Make the font a bit smaller on the three main headlines so they are each one line (no carryover):

   
   Underneath the three lines, add this descriptor paragraph in smaller font:

   Place your branded content on 800+ high-quality news and media sites, turn that distribution into earned editorial coverage, and measure the impact on your brand's AI visibility with actionable insights — **all in one easy motion.**

2. For the map, make all the smaller dots the same orange as the big sit dots so they are easier to see. Also, change this line to say "Local, regional, and nationwide premium distribution network"

3. Change "Trusted by the nation's top brands and agencies" to "**Trusted by top brands and 90% of the nation's top PR agencies**"
4. Make the brand and agency logos in color (vs black and white).
5. Remove period here so it is grammatically consistent with the other two.

Specialty Publications

Add placement on USATODAY.com, APNews.com or the Business Journals for additional reach, credibility and site audience.

Subject: Website requests - brandpoint.com homepage takeover

This landing page is now going to be on Brandpoint.com as the homepage

Key items:

- Please share draft version so I can review and send to editors for editorial approval
- In recording, I called out Lorem Ipsum for a few items – I will add in the copy in this draft
- Please ensure that all forms listed below are still functional
- Do not modify or change any other landing pages on the website as of right now
- I would like to review SEO title of page, alt tags, and meta description as well

Recap: Microsoft Teams meeting Monday, March 30 | Meeting | Microsoft Teams

- Recording with edits requested, discussion of top nav and footer requests

Images included:

- Distribution map with dots – to add to top hero slide
- “See Our Work in Action” add to the left of the “see our work in action” section
- Native Ads – add next to “amplification and audience engagement”
- “specialty formats” add next to specialty formats
- “AP” “The Business Journals” and “USA TODAY” – add all 3 next to specialty publications
- “PR Agency Logos.zip” add these to reel at the top “Trusted by the nation’s top brands and agencies”
- “Outlet Logos” to be added to a new carousel reel placed above “see our work in action” section titled “Premium publisher network with exclusive partnerships in key media outlets”
- “BPTOPTIMIZE326BLU” to replace the text “Brandpoint Optimize” in “Meet Brandpoint Optimize” header
